

amendments are adopted. Now, Senator Johnson, what would you like to do with the bill?

SENATOR V. JOHNSON: I would like to move the bill, Mr. Speaker. In explaining the amendments, I have virtually explained the bill. The only additional factor of the bill that I didn't explain was that we specifically by the bill would say that the revisor of regulations is not an agency within the meaning of the Administrative Procedures Act so that the revisor of regulations may commence the recodification process without going through a public hearing every time there is a recodification done. Our Attorney General has given us an opinion that without this type of a change the revisor of regulations may literally be compelled to hold public hearings every time she changes some numbering system in the regulations itself and it seemed to us that that was silly and a waste of time, publication costs and the like, but by and large the bill does, as I have indicated earlier, it authorizes the revisor to begin the codification process, the indexing process and ultimately a computerization process for our administrative rules and regulations. It directs administrative agencies to get the codification process in order within the next two years and it makes the revisor of regulations at least not directly subject to the requirements of the Administrative Procedures Act. At this time I would move the advancement of this bill.

SPEAKER MARVEL: The motion is to advance LB 130 as amended to E & R for review. All those in favor vote aye, opposed vote no. Record the vote.

CLERK: 32 ayes, 0 nays on the motion to advance the bill, Mr. President.

SPEAKER MARVEL: The motion is carried. The bill is advanced. The next bill, LB 27.

CLERK: Mr. President, LB 27 was offered by Senator Shirley Marsh. (Read title.) It was first read on January 8, referred to the Miscellaneous Subjects Committee for public hearing. It was advanced to General File. I have no amendments pending, Mr. President.

SPEAKER MARVEL: The Chair recognizes Senator Marsh.

SENATOR MARSH: Thank you, Mr. Speaker. This is the very shortest bill I have ever offered in the Legislature. It is two lines and one word long simply stating that the white-tailed deer, *Odocoileus virginianus*, is hereby adopted as the official state mammal. I wish all of you could have
